

## Tuition Wavier Application

Courtesy of the College of Science, we will offer partial tuition waivers in the Fall and Spring semesters. Tuition waivers are pro-rated according to units of credit (i.e., ~\$750 for someone taking 3 units of credit costing ~\$1,313).

You must meet the following criteria to be eligible for a tuition waiver:

- You must be enrolled in the General Biology M.S. Program in order to apply for tuition waiver.
- You must maintain a 3.00 GPA.
- You must enroll in at least 3 units of credit in the Fall and/or Spring semesters; at least 1 unit of credit must be for a regular course, not all of which can be distance learning courses.
- You must be making satisfactory progress towards your degree.
- You must be enrolled in your classes on the application due date.

**You should submit your application as soon as you finalize your plans for the coming semester. Tuition waivers for the fall semester will be awarded by August 8 and for the spring semester by January 8.** Please submit your application to:

Ellie Warder  
University of Arizona  
Dept of Chemistry & Biochemistry  
Biological Sciences West 270
